

Dear IAP Member Academy,

We highly respect your contributions to the advancement of scientific research and evidence-based solutions to global challenges. Building upon our shared commitment to interdisciplinary research, we would like to invite members of your academy to consider *PNAS Nexus* as a platform for their research.

PNAS Nexus, like its *Proceedings of the National Academy of Sciences* (PNAS) sibling, is dedicated to rapidly publishing cutting-edge research. And as a peer-reviewed open access journal from the US National Academy of Sciences (NAS), *PNAS Nexus* provides an innovative platform for researchers, clinicians, and engineers spanning a breadth of disciplines. Now in its third year, *PNAS Nexus* has received more than 2,800 submissions and has published more than 700 high-quality papers since launch, establishing itself as a global hub for multi-, trans-, and interdisciplinary research.

Why choose *PNAS Nexus*?

- **Global reach:** As a gold open access journal, *PNAS Nexus* ensures worldwide accessibility to scientific research, facilitating the dissemination of scientific knowledge for global solutions.
- **Interdisciplinary focus:** Promoting collaborations across science, engineering, and medicine, *PNAS Nexus* facilitates exploration at these interdisciplinary intersections, fostering innovation and discovery.
- **Rigorous peer review:** With an Editorial Board composed of members of the US National Academy of Engineering, National Academy of Medicine, and National Academy of Sciences, as well as select nonmember experts from around the globe, *PNAS Nexus* upholds the highest standards of quality and credibility through its rigorous peer review process.
- **Visibility and impact:** By publishing with *PNAS Nexus*, you will reach a diverse readership of leading scientists, engineers, and health professionals globally, amplifying the impact of your research and contributing to meaningful advancements in science.
- **Commitment to equitable access:** Embracing equitable access to research, *PNAS Nexus* offers fee waivers to qualified authors. All articles are freely available for reading and reuse, fostering inclusivity and accessibility across the scientific community.

Your academy members are invited to submit their research to *PNAS Nexus* and to join us in driving meaningful change through scientific discovery. For more information on how to get involved, please see the attached one-pager or learn more at www.pnasnexus.org.

If you have any questions, please do not hesitate to contact us at PNASNexusEditor@nas.edu.

We look forward to the opportunity to collaborate with you and your colleagues.

Sincerely yours,
